

RESCUE AND RESUSCITATION COMPETITION

DEDUCTION SCHEDULES

	5 Person First Section Error Schedule	Points
A	Marching to wrong beach position	5
1	Not starting on command "Quick March"	1
2	Incorrect marching procedure	1
3	Incorrect covering by No. 1 on reel axle	1
4	Reel not reasonably level	1
5	Dropped belt or rescue tube (each unit)	1
6	Incorrect method of wheeling	1
7	Incorrect halt	1
8	Incorrect "Down Reel"	1
9	Incorrect method of "Re-form"	1
10	Incorrect method of "Front" and position of No. 3 in relation to the reel	1
11	No.1 looking behind during run down the beach	1
12	Incorrect method of arriving at each individual position by team	1
13	Incorrect method of hand over and/or receiving of belt by Nos.2 and 3 and incorrect march out and halt by No.2	1
14	Incorrect laying of belt	1
15	Failure of Nos.2, 3, 4 or 5 to take up positions correctly	1

	5 Person Second Section Error Schedule	Points
1	Failure of members to take up "Team Ready" position correctly	1
2	No. 2 or linemen looking behind during run down	1
3	Failure of members to take up allotted team position	1
4	Dropped line. (each occasion)	1
5	Incorrect control of reel by No. 3 and/or observation of linemen	1
6	Line fouling and impeding No. 2	2
7	Failure of linemen to achieve the correct beach position for payout	1
8	Incorrect spacing of linemen during payout. (below 5 paces or above 7 paces)	1
9	Incorrect method of payout, including hand positions, timing and movement of the arms (each man)	1
10	Failure of No. 4 to observe No. 2	2
11	Failure of No.5 to observe No.4 and/or No.2	1
12	Team failing to act correctly when line runs out	2
13	Failure of linemen to cease pay out correctly	1
14	Any linemen paying our in water above knee depth	1
15	Failure of No. 2 to touch buoy correctly	1

	5 Person Third Section Error Schedule	Points
A	Failure of No.2 to give Cease Hauling - Prepare for Patient Pick Up signal	5
B	No.2 failing to attempt 2 breaths of Rescue Breathing	5
C	No.4 failing to inspect and clean mouth	5
D	Failure to maintain an open airway after securing the No.1 until assessment is completed	5
E	Failure of Nos.4 and 5 to assess breathing	5
F	Failure of No.4 to ask/observe No 1 for consciousness and movement responsiveness	5
G	Failure of No.5 to give two breaths of Rescue Breathing	5
1	Failure of linemen to observe the No.2 and No.1 (each person)	2
2	No. 3 failing to keep his linemen and/or reel under observation at all times during haul-in	2
3	Linemen not in time, uniform or dropped line during haul-in.	1
4	Failure of linemen to give proper care to No.1 and No.2 during the haul-in and pick up (each occasion)	1
5	No.2 losing No.1 (each occasion)	1
6	No.2 failing to signal assistance required	2
7	Incorrect method/use of side pace procedure	1
8	Linemen failing to act correctly on receiving assistance required signal	2
9	No.2 failing to carry out Rescue Breathing correctly	1
10	Incorrect depth for signal and/or pick up	1
11	Incorrect method of pick up	1
12	Incorrect method of No.1 carry and halt	1
13	Incorrect method of laying No.1	1
14	Rough handling of No.1 during lay	1
15	Incorrect method of inspecting and cleaning mouth	1
16	No.5 not declaring breathing assessment	1
17	Incorrect method of assessing breathing	1
18	Incorrect method of laying No.1 on back	1
19	Team unable to lay No.1 on back within time limit	1
20	No.5 failing to carry out Rescue Breathing correctly	1
21	No.4 not declaring patient condition	1
22	Incorrect method of returning rescue equipment	1
23	Incorrect arrival at reel positions by Nos.2, and/or 3	1
24	Equipment not ready for immediate use	2

	5 Person Fourth Section Error Schedule	Points
A	No.5 not attempting to ensure backward head tilt	5
B	No.4 not attempting to locate the correct hand position for ECC	5
C	No.5 not attempting to seal the nose during inflations	5
D	Less than 4 complete CPR cycles	5
E	Not attempting Rescue Breathing	5
F	Not attempting to place the No.1 into recovery position	5
1	Failure to obtain and maintain backward head tilt including hand positions	2
2	Failure to correctly locate positions for ECC. including hand positions	1
3	Failure to count ECC aloud	1
4	Failure to maintain a consistent rate of CPR	1
5	Failure to correctly seal nose during inflations	2
6	Incorrect method of Rescue Breathing (i.e. mouth to nose method)	2
7	Incorrect Rescue Breathing technique	1
8	Incorrect arm positions during resuscitation by No.4	1
9(a)	Less than 4 complete CPR cycles and 2 rescue breaths	2
9(b)	4 complete CPR cycles plus 2 breaths of Rescue Breathing to less than 5 complete CPR cycles	1
9(c)	5 complete CPR cycles to less than 6 complete CPR cycles	nil
9(d)	6 complete CPR cycles to less than 7 complete CPR cycles	1
9(e)	7 complete CPR cycles or more	2
10	Not declaring assessment	1
11	Incorrect method of placing No.1 in recovery position	1
12	Incorrect recovery position	1
13	Careless handling of No.1 (each occasion)	1
14	Incorrect method of reform by Nos.5, 4 and 1	1
15	Incorrect arrival at reel positions by Nos.5, 4, and 1	1
16	Failure to lift reel correctly	1
17	Incorrect marching	1
18	Incorrect covering by No.1 on reel axle	1
19	Reel not reasonably level	1
20	Dropped belt or rescue tube (each unit)	1

	U12–U15 5 Person First Section Error Schedule	Points
A	Marching to wrong beach position	5
1	Not starting on command “Quick March”	1
2	Incorrect marching procedure	1
3	Incorrect covering by No. 1 on reel axle	1
4	Reel not reasonably level	1
5	Dropped belt	1
6	Incorrect method of wheeling	1
7	Incorrect halt	1
8	Incorrect “Down Reel”	1
9	Incorrect method of “Re-form”	1
10	Incorrect method of “Front” and position of No. 3 in relation to the reel	1
11	No. 1 looking behind during run down the beach	1
12	Incorrect method of arriving at each individual position by team	1
13	Incorrect method of hand over and/or receiving of belt by Nos. 2 and 3 and incorrect march out and halt by No. 2	1
14	Incorrect laying of belt	1
15	Failure of Nos. 2, 3, 4 or 5 to take up positions correctly	1

	U12–U15 5 Person Second Section Error Schedule	Points
1.	Failure of members to take up “Team Ready” position correctly	1
2.	No. 2 or lineman looking behind during run down	1
3.	Failure of members to take up allotted team position	1
4.	Dropped line (each occasion)	1
5.	Incorrect control of reel by No. 3 and/or observation of linemen	1
6.	Line fouling and impeding No. 2	2
7.	Failure of linemen to achieve the correct beach position for payout	1
8.	Incorrect spacing of linemen during payout (below 5 paces or above 7 paces)	1
9.	Incorrect method of payout, including hand positions, timing and movement of the arms (each man)	1
10.	Failure of No. 4 to observe No. 2	2
11.	Failure of No. 5 to observe No. 4 and/or No. 2	1
12.	Failure of linemen to cease pay out correctly	1
13.	Any linemen paying our in water above knee depth	1

	U12-U15 5 Person Third Section Error Schedule	Points
A	Failure of No.2 to give Cease Hauling – Prepare for Patient Pick-Up” signal	5
B	No.2 failing to attempt 2 breaths of Rescue Breathing	5
C	No.4 failing to inspect and clean mouth	5
D	Failure to maintain an open airway after securing the No.1 until assessment is completed	5
E	Failure of Nos.4 and 5 to assess breathing.	5
F	Failure of No.4 to ask/observe No 1 for responsiveness, consciousness and movement	5
G	Failure of No.5 to give two breaths of Rescue breathing	5
1	Failure of linemen to observe the No.2 and No.1(each person)	2
2	No. 3 failing to keep his linemen and/or reel under observation at all times during haul-in	2
3	Linemen not in time, uniform or dropped line during haul-in.	1
4	Failure of linemen to give proper care to No.1 and No.2 during the haul-in and pick up (each occasion)	1
5	No.2 failing to signal assistance required	2
6	Incorrect method/use of side pace procedure	1
7	Linemen failing to act correctly on receiving assistance required signal	2
8	No.2 failing to carry out Rescue Breathing correctly	1
9	Incorrect depth for signal and/or pick up	1
10	Incorrect method of pick up	1
11	Incorrect method of No.1 carry and halt	1
12	Incorrect method of laying No.1	1
13	Rough handling of No.1 during lay	1
14	Incorrect method of inspecting and cleaning mouth	1
15	No.5 not declaring breathing assessment	1
16	Incorrect method of assessing breathing	1
17	Incorrect method of laying No.1 on back	1
18	No.5 failing to carry out Rescue Breathing correctly	1
19	No.4 not declaring patient condition	1
20	Incorrect method of returning rescue equipment	1
21	Incorrect arrival at reel positions by Nos.2, and/or 3	1
22	Equipment not ready for immediate use	2

	U12-U15 5 Person Fourth Section Error Schedule	Points
A	No.5 not attempting to ensure backward head tilt	5
B	No.4 not attempting to locate the correct hand position for ECC	5
C	No.5 not attempting to seal the nose during inflations	5
D	Less than 4 complete CPR cycles	5
E	Not attempting Rescue Breathing	5
F	Not attempting to place the No.1 into recovery position	5
1	Failure to obtain and maintain backward head tilt including hand positions	2
2	Failure to correctly locate positions for ECC. including hand positions	1
3	Failure to count ECC aloud	1
4	Failure to maintain a consistent rate of CPR	1
5	Failure to correctly seal nose during inflations	2
6	Incorrect method of Rescue Breathing (i.e. mouth to nose method)	2
7	Incorrect Rescue Breathing technique	1
8	Incorrect arm positions during resuscitation by No.4	1
9(a)	Less than 4 complete CPR cycles and 2 rescue breaths	2
9(b)	4 complete CPR cycles plus 2 breaths of Rescue Breathing to less than 5 complete CPR cycles	1
9(c)	5 complete CPR cycles to less than 5 complete CPR cycles	nil
9(d)	6 complete CPR cycles to less than 7 complete CPR cycles	1
9(e)	7 complete CPR cycles or more	2
10	Not declaring assessment	1
11	Incorrect method of placing No.1 in recovery position	1
12	Incorrect recovery position	1
13	Careless handling of No.1 (each occasion)	1
14	Incorrect method of reform by Nos.5, 4 and 1	1
15	Incorrect arrival at reel positions by Nos.5, 4, and 1	1
16	Failure to lift reel correctly	1
17	Incorrect marching	1
18	Incorrect covering by No.1 on reel axle	1
19	Reel not reasonably level	1
20	Dropped belt or rescue tube (each unit)	1

	2 Person First Section Error Schedule	Points
A	Marching to wrong beach position	5
B	Wrong position after command "Team Positions"	5
C	No.1 not attempting to signal	5
D	Failure to obtain and maintain an open airway after securing the patient	5
E	No.2 not attempting 2 breaths of simulated Rescue Breathing	5
1	Not starting on command "Quick March"	1
2	Incorrect length of pace	1
3	Incorrect method of marching	1
4	Failure to march in line abreast	1
5	Incorrect method of wheeling	1
6	Incorrect method of halt	1
7	Pivot member halting in wrong position	1
8	Incorrect method of front	1
9	Incorrect method of arriving at beach positions	1
10	Team not in line	1
11	No.1 giving incorrect signal	1
12	Incorrect hand positions on head	1
13	Incorrect Rescue Breathing technique	1
14	Talking	1

	2 Person Second Section Error Schedule	Points
A	Failing to inspect and clean mouth	5
B	Failing to assess breathing	5
C	Failure to establish and maintain an Open airway	5
D	Failing to give 2 breaths of Rescue Breathing	5
E	Failure to attempt Rescue Breathing	5
F	Failure to ask/observe No.1 for responsiveness, consciousness and movement	5
1	Incorrect method of rolling No.1 onto side for assessment	1
2	Incorrect method of inspecting and cleaning mouth	1
3	Incorrect method of assessing breathing	1
4	Failure to declare breathing assessment	1
5	Incorrect method of rolling No.1 onto sand	1
6	Incorrect hand positions on head	1
7	Failure to carry out Rescue Breathing correctly	1
8	Not declaring patient condition	1
9	Careless handling of No.1	1
10	Talking	1

	2 Person Third Section Error Schedule	Points
A	Not attempting to ensure backward head tilt	5
B	Less than 4 complete CPR cycles	5
C	Not attempting Rescue Breathing	5
D	Not attempting to seal the nose during inflations	5
E	Not attempting to place No.1 in recovery position	5
1	Failing to obtain and maintain backward head tilt	2
2	Failure to correctly locate position for ECC including hand positions	1
3	Incorrect arm positions during ECC	1
4	Failure to count ECC aloud	1
5	Failure to maintain a consistent rate of CPR	1
6	Incorrect hand positions on head	1
7	Failing to correctly seal the nose during inflations	1
8	Incorrect method of Rescue Breathing (i.e. mouth to nose method)	2
9	Incorrect Rescue Breathing technique	1
10(a)	Less than 4 complete CPR cycles and 2 rescue breaths	2
10(b)	4 complete CPR cycles plus 2 breaths of Rescue Breathing to less than 5 complete CPR cycles	1
10(c)	5 complete CPR cycles to less than 6 complete CPR cycles	nil
10(d)	6 complete CPR cycles to less than 7 complete CPR cycles	1
10(e)	7 complete CPR cycles or more	2
11	Not declaring patient breathing	1
12	Incorrect method of placing No.1 into recovery position	1
13	Incorrect recovery position	1
14	Failure to observe No.1 during recovery	1
15	Careless handling of No.1	1
16	Talking	1

	2 Person Fourth Section Error Schedule	Points
A	Running back to incorrect beach position	5
1	Incorrect method of reform	1
2	Team not running to their beach positions	1
3	Incorrect individual position on peg	1
4	Team not in line with peg	1
5	Incorrect method of marching	1
6	Failure to march in line abreast	1
7	Incorrect length of pace	1
8	Talking	1

	6 Person First Section Error Schedule	Points
A	Marching to wrong beach position	5
1	Not starting on command "Quick March"	1
2	Incorrect marching procedure	1
3	Incorrect covering by No. 1 or No. 6 on reel axle	1
4	Reel not reasonably level	1
5	Dropped belt or rescue tube (each unit)	1
6	Incorrect method of wheeling	1
7	Incorrect halt	1
8	Incorrect "Down Reel"	1
9	Incorrect method of "Re-form"	1
10	Incorrect method of "Front" and position of No. 3 in relation to the reel	1
11	Incorrect method of arriving at each individual position by team	1
12	No. 1 looking behind during run down the beach	1
13	Incorrect method of hand over and/or receiving of belt by Nos. 2 and 3 and incorrect march out and halt by No. 2	1
14	Incorrect laying of belt	1
15	Failure of Nos. 2, 3, 4, 5 or 6 to take up positions correctly	1
16	No. 6 not entering water correctly	2
17	No. 6 looking behind during run down	1

	6 Person Second Section Error Schedule	Points
A	No. 6 not attempting to deliver two simulated breaths of Rescue Breathing at the buoy	5
1	Failure of members to take up "Team Ready" position correctly	1
2	No. 2 or linemen looking behind during run down	1
3	Failure of members to take up allotted team position	1
4	Dropped line (each occasion)	1
5	Incorrect control of reel by No. 3 and/or observation of linemen	1
6	Line fouling and impeding No. 2	2
7	Failure of linemen to achieve the correct beach position for payout	1
8	Incorrect spacing of linemen during payout (below 5 paces or above 7 paces)	1
9	Incorrect method of pay out, including hand positions, timing and movement of the arms (each person)	1
10	Failure of No. 4 to observe No. 2 or No. 6	2
11	Failure of No. 5 to observe No. 4 and/or No. 2	1
12	Team failing to act correctly when line runs out	2
13	Failure of linemen to cease pay out correctly	1
14	Any linemen paying out in water above knee depth	1
15	Failure of No. 6 and/or No. 2 to touch buoy correctly (each person)	1

	6 Person Third Section Error Schedule	Points
A	Failure of No.2 to give Cease Hauling – Prepare for Patient Pick Up signal	5
B	No.2 failing to attempt 2 breaths of Rescue Breathing	5
C	No.4 failing to inspect and clean mouth	5
D	Failure to maintain an open airway after securing the No.1 until assessment is completed	5
E	Failure of Nos.4 and 5 to assess breathing	5
F	Failure of No.4 to ask/observe No 1 for responsiveness, consciousness and movement	5
G	Failure of No.5 to give two breaths of Rescue breathing	5
1	Failure of linemen to observe the No.2 and No.1 (each person)	2
2	No. 3 failing to keep his linemen and/or reel under observation at all times during haul-in	2
3	Linemen not in time, uniform or dropped line during haul-in.	1
4	Failure of linemen to give proper care to No.1 and No.2 during the haul-in and pick up (each occasion)	1
5	No.2 losing No. 1 (each occasion)	1
6	No.2 failing to signal assistance required	2
7	Incorrect method/use of side pace procedure	1
8	Linemen failing to act correctly on receiving assistance required signal	2
9	No.2 failing to carry out Rescue Breathing correctly	1
10	Incorrect depth for signal and/or pick up	1
11	Incorrect method of pick up	1
12	Incorrect method of No.1 carry and halt	1
13	Incorrect method of laying No.1	1
14	Rough handling of No.1 during lay	1
15	Incorrect method of inspecting and cleaning mouth	1
16	No.5 not declaring breathing assessment	1
17	Incorrect method of assessing breathing	1
18	Incorrect method of laying No.1 on back	1
19	Team unable to lay No.1 on back within time limit	1
20	No.5 failing to carry out Rescue Breathing correctly	1
21	No.4 not declaring patient condition	1
22	Incorrect method of returning rescue equipment	1
23	Incorrect arrival at reel positions by Nos.2, 3 or 6	1
24	Equipment not ready for immediate use	2

	6 Person Fourth Section Error Schedule	Points
A	No.5 not attempting to ensure backward head tilt	5
B	No.4 not attempting to locate the correct hand position for ECC	5
C	No.5 not attempting to seal the nose during inflations	5
D	Less than 4 complete CPR cycles	5
E	Not attempting Rescue Breathing	5
F	Not attempting to place the No.1 into recovery position	5
1	Failure to obtain and maintain backward head tilt including hand positions	2
2	Failure to correctly locate positions for ECC. including hand positions	1
3	Failure to count ECC aloud	1
4	Failure to maintain a consistent rate of CPR	1
5	Failure to correctly seal nose during inflations	2
6	Incorrect method of Rescue Breathing (i.e. mouth to nose method)	2
7	Incorrect Rescue Breathing technique	1
8	Incorrect arm positions during resuscitation by No.4	1
9(a)	Less than 4 complete CPR cycles and 2 rescue breaths	2
9(b)	4 complete CPR cycles plus 2 breaths of Rescue Breathing to less than 5 complete CPR cycles	1
9(c)	5 complete CPR cycles to less than 6 complete CPR cycles	nil
9(d)	6 complete CPR cycles to less than 7 complete CPR cycles	1
9(e)	7 complete CPR cycles or more	2
10	Not declaring assessment	1
11	Incorrect method of placing No.1 in recovery position	1
12	Incorrect recovery position	1
13	Careless handling of No.1 (each occasion)	1
14	Incorrect method of reform by Nos.5, 4 and 1	1
15	Incorrect arrival at reel positions by Nos.5, 4, and 1	1
16	Failure to lift reel correctly	1
17	Incorrect marching	1
18	Incorrect covering by No.1 and No.6 on reel axle	1
19	Reel not reasonably level	1
20	Dropped belt or rescue tube (each unit)	1
