

Surf Life Saving Australia Bank Account Details Collection Form

Background

SLSA has developed a universal payment gateway that all entities (Clubs / Branches / States / Support Operations Groups) in the organisation can use to collect payments via credit cards and then deposit the funds directly into each entities bank account. To facilitate this development, SLSA needs a list of all entities (who wish to participate) Bank Account Details.

Clubs and Entities should enter this information directly into SurfGuard into the Organisation Management details area. In the event this cannot be done, this form can be filled out as an alternative and faxed back to SLSA.

NOTE: the provision of this information will only allow for deposits to be made into the Bank Account listed.
